University's LeDeR team is looking for a new part-time programme manager

The LeDeR programme at the University of Bristol is looking for a part-time programme manager. The programme is looking for an experienced leader and project manager who will play a critical role in ensuring the effective and timely handover of all processes, systems and data as agreed with the funder. The closing date for applications is January 5. Further information is available [here](#).

Limited coverage from university's LeDeR administration team over Christmas and New Year

The University of Bristol officially closes between Christmas and New Year and consequently there will be very limited LeDeR admin support from Tuesday, December 24th and into the New Year. The university's LeDeR office will open as normal again from Friday, January 3, 2020. Contact details available [here](#). Despite the office closure, deaths can be notified to the programme [here](#).

There's still time to get your free flu vaccine this winter

If you have a learning disability or you care for someone with a learning disability, then you are entitled to a free flu vaccine. You can get the vaccine from your GP or local pharmacist. And don't worry if you're scared of needles, you can ask about a nasal vaccine instead. Further details are available [here](#). Please share.

Don't miss out on your annual health check

People with learning disabilities, who are registered with a GP, should be offered a learning disability annual health check every year. Unfortunately, only about half of those who are entitled to an annual check-up actually receive one. Further easy-read information about annual health checks is available [here](#) and further information for families and carers is available [here](#).

Here's how to get this LeDeR bulletin, and other newsletters, sent directly to your inbox

If you've been forwarded this bulletin by a colleague or friend and want to have LeDeR bulletins and newsletters sent direct to your inbox, you can add your name to our database by [emailing](#) the LeDeR team based at the University of Bristol.

The next LeDeR monthly bulletin will be sent out on **Monday, January 20, 2020**. Please email any items for inclusion to chris.allen@bristol.ac.uk by **Friday, January 10**.
